

MAKE YOUR **GREEN** **HOLME VALLEY** A **GREENER** PLACE

LOCAL RECYCLING DIRECTORY

Where can I recycle my rubbish?

There are many opportunities for Holme Valley residents to recycle their wastes and rubbish. Kirklees Council run a fortnightly collection service for each household, providing a large Green Bin to collect dry recyclables. (See last page for what can and cannot be put in this bin)

In addition there are three Kirklees Council Household Waste Recycling Centres [HWRCs] where residents can take their own wastes for recycling:

- **Huddersfield** - Emerald Street HWRC, HD1 6BY
- **Meltham** - Bent Ley Road HWRC, HD9 4AP
- **Upper Cumberworth** - Bromley Farm HWRC, HD8 8NN

Also, there are a number of supermarkets and other organisations which are willing to take household wastes for recycling e.g. sites with Bring-Bank containers.

This Directory provides details of what wastes can be recycled where, particularly for those wastes the Council will not accept in their Green Bin collection service.

The Directory also has information on websites where residents can update this information, including updates of this directory at hott.org.uk/hott-recycling/

NOTES ON LOCAL RECYCLING DIRECTORY

Kirklees Council HWRC Bring Sites

Where are they?

Kirklees Council have three HOUSEHOLD WASTE RECYCLING CENTRES [HWRC] located near the Holme Valley accepting wastes for recycling:

- HWRC HUDDERSFIELD Emerald Street HD1 6BY
- HWRC MELTHAM – Bent Ley Road HD9 4AP
- HWRC UPPERCUMBERWORTH - Bromley Farm HD8 8NN

Further details available on Kirklees Council website for their waste sites and recycling: www.kirklees.gov.uk/beta/your-property-bins-and-recycling.aspx

Local residents can bring their wastes to these household waste recycling centres for the Council to recycle. These sites are run by Suez Environment, the Kirklees Council's Waste Management contractor.

Terracycle Collection Points

Where are they?

Check Terracycle website for new locations for public drop-off points, the particular wastes they each collect and their opening times:

View drop locations in our area at: www.terracycle.co.uk/en-GB/about-terracycle/drop_off_locations

and view more information about Terracycle at: www.terracycle.co.uk/en-GB/brigades

Terracycle is an innovative recycling company that recycles typically 'hard-to-recycle' waste. They sometimes provide box containers for collecting the chosen recyclates. When full, these boxes can be posted back to Terracycle for recycling. The Terracycle collection points are often sited in community centres, schools and commercial offices.

Community Recycling Hubs

What and where are they?

Community-run collection points for particular household wastes that can be separated and recycled e.g.

- Fair Trader Co-op in Holmfirth, HD9 2JS
- Slaithwaite Community Centre, HD7 5DL

Local residents can bring these wastes and drop them off. See directory table for the particular wastes collected by each hub. Any income from wastes recycled is used to support charities or community organisations.

Prepare Item For Recycling

Before recycling an item:

Remove excess paper/cardboard etc. and recycle into your Green bin
Remove excess non-recycled plastics and dispose in your Black Bin
Wash out any food waste or container contents

Changes

This is a 'live' list of disposal and collection sites for recycling wastes from the Holme Valley – things may have changed since this directory was updated in February 2019.

If you find any errors or changes, please let us know by emailing us at info@hott.org.uk. Thanks

PLASTIC RECYCLING

Look out for these typical recycling signs on PLASTIC PACKAGING

Widely Recycled

Check Locally

Not Yet Recycled

Plastic types [and their different recycling potential] are generally identifiable by a number in a triangle printed or embossed on the base plastic product. Types are described below, together with their name, % content of waste plastics, and how easy they are to recycle or reuse.

➔ EASY to recycle - 25% of plastic waste

PETE

- **PET PolyEthylene Terephthalate** 11%
drink bottles, milk bottles, food jars, clothing

HDPE

- **HDPE High Density PolyEthylene** 14%
milk bottles, snack boxes, toys, buckets

➔ MANAGEABLE to recycle - 40%

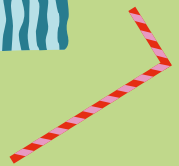

LDPE

- **LDPE Low Density PolyEthylene** 20%
package film, shopping bags, flexible bottles

PP

- **PP PolyPropylene**
bottle tops, drinking straws, fabrics

➔ DIFFICULT to recycle - 30%

PS

- **PS PolyStyrene** 6%
plastic- foam cups, egg boxes, meat trays

Other

- **Other** 24%
nylon fabric, CDs, car parts, baby bottles

➔ VERY DIFFICULT to recycle - 5%

V

- **PVC PolyVinyl Chloride** 5%
window frames, gutter pipes, cable sheaths

COUNCIL RECYCLING COLLECTIONS

What you can put in your green bin

- ✓ Newspapers and magazines
- ✓ Junk mail and envelopes
- ✓ Cardboard
- ✓ Telephone directories (including Yellow Pages)
- ✓ Books (remove hardback covers first)
- ✓ Plastic bottles (including pop, milk, cleaning etc)
- ✓ Drinks cans, food tins and empty aerosol cans

What you can't put in your green bin

- ✗ Glass
- ✗ Yoghurt pots, margarine tubs, plastic trays and polystyrene
- ✗ Plastic carriers and film
- ✗ Videotapes
- ✗ Beverage cartons
- ✗ Foil

When do they collect?

Collections are fortnightly, one week Green Bin recyclables, the next week Black Bin residual waste.

See dates on Council website by putting in your postcode:
www.kirklees.gov.uk/beta/your-property-bins-recycling/your-bins/?transaction=bin-collection-dates
